

## Dear parent(s)/carer(s)

We thought this would be a good opportunity to reflect on last half term and look forward to the last half term of this academic year! As always, last half term, the children engaged well in all their learning, continuing their journey along our 'Curriculum River' and hopping over the bridges to revisit their prior learning and knowledge! They all demonstrated our SCORE values, always striving for excellence.

We are looking forward to the children's return next week to continue with our amazing learning.

Assistant Headteacher

Self Esteem      Commitment      Organisation      Resilience      Excellence

## Curriculum Focus

Last half term we worked really hard in our core subjects and are using our knowledge and understanding of English and Maths across all of our other subjects too. This half term in our afternoon lessons we have covered Geography, Art and Science and have regularly revisited our prior learning!

## Remote Learning

Our home learning has been a success for any children needing to self-isolate or access remote learning due to school closures earlier in the half term. We are providing access to a variety of activities, resources and learning platforms. Please continue to access any home-work set by the teachers and as always we are here to help!

## Advocates and Ambassadors

We will continue to focus on our subject Ambassadors and Advocates. We are exploring different opportunities to raise the aspirations of the children with different advocate opportunities!
