## Overview

Within every Catholic school the presence of Christ should be evident to all. The school should seek actively to work with Him, so that his ministry is reflected in all aspects of the school's life. It is His ministry of love, compassion and justice that should be most apparent in the approach to pastoral care. Sanctions and rewards will reflect the justice and forgiveness emanating from the commitment to Christ and his teaching. It will also require the promotion and practice of positive behaviour by all members of the school community.

As a Catholic school we recognise that, in the words of Pope Francis we must "not teach just content, but the values and customs of life – a computer can teach content." We must transmit "how to love and how to understand which values and customs create harmony in society."

Our school has developed a set of CORE Values to enable each child to 'SCORE' their growing skills  
– beyond the academic. All staff endeavour to promote these skills throughout the curriculum – not always in words but by their actions.

**SELF-ESTEEM, COMMITMENT, ORGANISATION, RESILIENCE & EXCELLENCE = SCORE**

We will work in partnership with parents to ensure that the school's values become central to the lives of all our children.
