Spanish Challenge:

Thoughts about my Subject:

I love learning Spanish!

I think it is really important for everyone to try to learn a new language. It allows you to speak to people and make new friends in other countries. Spanish is a great language to learn because it is spoken in lots of different countries.

This year, Spanish is being taught by Señora O from the Primary Languages Network.

How would you answer these questions?

¿Cómo estás?

¿Cómo te llamas?

¿Dónde vives?

¿Cuántos años tienes?

Spanish Fact for the term:

Did you know that it is not just people in Spain who speak Spanish?

Twenty countries have Spanish as their main language.

Great Spanish I have seen happening around school last term!
