

Dear parent(s)/carer(s)

We hope you are all keeping safe and well in these strange times and would like to keep you up to date with Curriculum developments.

What a busy half term we have had! We have worked hard continuing with our Reading, Writing and Maths in our classes and continuing our Come and See and Collective Worship journey. We have also embarked on some fantastic new learning in the afternoons and have really enjoyed our topics in different subject areas.

A big thank you to the children and adults for supporting the learning at home with regular visits to our home learning platforms. We are very proud of the children in their attitudes to learning and behaviour this term – they have all demonstrated our SCORE Values!

We would like to take this opportunity to thank you for your continued support and wish you a very Happy Christmas!

Curriculum Focus this Term

This term we have worked really hard with our core subjects and are using our knowledge and understanding of English and Maths across all of our other subjects too. This half term in our afternoon lessons we have covered Spanish, Music, Geography, Art and Computing. The children have demonstrated resilience when learning new things and 'diving deep' into their new topics. We are having a strong emphasis on the vocabulary learned in the topics and are discovering new ways to make the new knowledge stick. You will find the knowledge organisers on our website.

Home Learning

Our home learning has been a huge success with any children needing to self-isolate having access to a variety of activities, resources and learning platforms. Some of our staff have joined their classes online from home to be with them in class! Thank you to all of our parents and carers for your understanding and support when children have needed to be taught from home.

Jigsaw

We have now had a whole term working with Jigsaw for our new PSHE scheme of work. We have learned about 'Being Me in My World' and 'Celebrating Difference'. The children are really enjoying the resources, lesson plans and ideas. You can find further information on the website.

This Christmas break...

After Christmas, our main Curriculum focus will be Science. Class teachers will set a 'readiness for learning' task for the children to complete at home! We look forward to seeing your work.
