

Dear parent(s)/carer(s)

We hope you are all keeping safe and well in these strange times and would like to keep you up to date with Curriculum developments.

A big thank you to adults for supporting learning at home with regular visits to our home learning platforms and engaging with remote learning when needed! We are very proud of the children in their attitudes to learning and behavior, especially those who returned on 8th March - they have all demonstrated our SCORE Values! We would like to take this opportunity to thank you for your continued support and wish you a Happy Easter.

Mrs Evans
Assistant Headteacher

Curriculum Focus this Term

This term we have worked really hard in our core subjects and are using our knowledge and understanding of English and Maths across all of our other subjects too. This half term in our afternoon lessons we have covered Geography, Spanish Music and Design Technology. We have also focused on Computing and our classes are having a strong focus on keeping safe online at home and at school. We are following our Learning River and are enjoying 'Review and Do' when we regularly revisit prior learning!

Remote Learning

Our home learning has been a success for any children needing to self-isolate or access remote learning due to school closures earlier in the half term. We are providing access to a variety of activities, resources and learning platforms. Please continue to access any home-work set by the teachers and as always we are here to help!

After the holidays...

After Easter, our Curriculum focus will be Geography. We will also be focusing on our subject Ambassadors and Advocates. We are exploring different opportunities to raise the aspirations of the children with different advocate opportunities!
