

Subject Leader Portfolio

Come and See,

Collective Worship & RSHE

Thoughts about my subject:

The Catholic life of our school involves many different aspects and it is my pleasure to be the lead teacher for these areas. These subjects not only give us the knowledge but the skills to build our own faith and develop on a personal, as well as an academic level.

When I look in your books and visit your lessons I would love to see...

...you challenging yourself and pushing your learning further. Understanding and using key vocabulary in your work, whether written or spoken work, to help develop and deepen your learning.

Great work I have seen happening around school:

Come and See: In Year 4, I loved that Mrs Deakin has been pushing your learning further with Dive deeper tasks to extend your learning. Mrs Hill's class have been using a variety of different activities to explore the learning objectives.

Collective Worship: It has been great to see children across Key Stage 1 and 2 taking a lead role for parts of the worship.

R.S.H.E: speaking with our Catholic Life ambassadors has shown how our children have a good understanding of how all of our subjects interlink to help our personal development.

Cafod Club: Some Year 6 pupils meet each week to explore global issues that we can raise awareness of. I have been so proud of how well they presented to Key Stage 1 and 2 and ran our Word Gifts campaign.

*Learn to Love & Love to
Learn in readiness for life*
